

PARENT NOTICE: Term 3 Assessment Information (Grades 4-7 only)

Dear Parents and Guardians

The Western Cape Education Department (WCED) has indicated that Formal Assessments will take place for all learners in Grades 1-7 during Term 3. All formal assessments must be written at school.

Learners with comorbidities and learners that fear the pandemic will be catered for in special venues at school.

Please refer to Table 2:

All learners in Grade 4 and 6 will start writing on Wednesday, 30 September. They will be the only grades writing on that day. All learners in Grades 5 and 7 will be at home studying. On Thursday, 1 October the Grades 5 and 7 will be writing. All Grades 4 and 6 will be at home studying.

We have embarked on this strategy to ensure that we adhere to the Covid-19 Protocols, e.g. physical distancing. 10 learners will be allowed to write in a class. For this purpose, six classes will be utilized for all our Grade 6's to write. The Grade 4's will be writing in the hall (40) and the balance will be spread over two classrooms. The same rules will apply when the Grades 5 and 7 will be writing.

Teaching and learning under Covid-19 has become a major challenge but we must adapt. We are dependent on all stakeholders to play their part as we embark on writing our assessments. To date our parents have supported us throughout and we are positive about their continued support.

See below the dates and times indicated for Grades 4-7 that pertains to their assessment. **Table 1** contains practical assessments. The term "Home" refers to our comorbidity and fearful learners.

Table 2 contains the traditional Assessment timetable. The numbers in brackets refer to the various grades that will be writing.
